

HOSTING BEVERAGE

Our team will work with you to create a beverage menu that suits your event's needs. Beverages are billed on consumption, eliminating the guess work of estimating how much your guests will consume.

TIPS FOR BUILDING YOUR BEVERAGE MENU

By electing to host specific items, you can provide a custom menu of beer, wine, and/or liquor for your guests while still keeping your budget in mind.

You may set beverage limitations that may be designated for selection and/or quantity.

The bar is always fully stocked and all non-hosted items will still be available for guest purchase.

LIQUOR TIERS + PRICING

At PUBLIC kitchen + bar, our hosted liquor pricing is categorized by tiers, making it simple for you to offer your guests a selection of beverages without breaking your budget. Select tier that best fits your budget, and your guests will be offered beverages from that tier and any lesser tiers. For example, if you select Tier 3, your guests will be offered spirits from Tiers 3, 2, and 1. Please note that liquor tier pricing does not include any specialty mixers or modifiers (i.e. Red Bull, martini preparation, long pours) and any modifiers will be billed upon consumption.
